Item 8.01 Other Events.
TCF Financial Corporation (“TCF”) through its leasing subsidiary owns the equity interest in a leveraged lease covering a Boeing 767-300 aircraft leased to Delta Airlines, Inc. (“Delta”). As previously reported in TCF’s Quarterly Report on Form 10-Q for the quarter ending June 30, 2004, TCF downgraded its credit rating on this $18.9 million leveraged lease investment to substandard. In Delta’s Quarterly Report on Form 10-Q for the quarter ending June 30, 2004, Delta indicated that if it is unable to make substantial progress in the near term toward achieving a competitive cost structure that will permit it to regain sustained profitability and access to the capital markets on acceptable terms, it will need to seek to restructure its costs under Chapter 11 of the Bankruptcy Code.

As part of a possible consensual out of court restructuring, Delta has recently requested that certain lessors, including TCF, agree to a restructuring of its airplane leases, which would result in a reduction in TCF’s investment. TCF is in the process of evaluating Delta’s proposal. As a result of these events, TCF has placed the investment on a non-accrual status.

Although Delta is current on its payments to TCF, a bankruptcy proceeding would likely result in a write-off of TCF’s $18.9 million investment and could also accelerate the required payment of certain income tax obligations.
